

Clinic26

During your visit you will be given the opportunity to access the following services:

- A discussion with a doctor around any sexual health concerns including routine sexual health testing, treatment for sexually transmitted infections and advice and referrals for your sexual wellbeing
- A discussion with a support worker from SurvivorsUK for emotional support before and/or after your appointment, and for information on SurvivorsUK's services and other services that may be helpful to you

You will not be made to talk about anything you do not want to talk about. Staff will go at your pace and will always ask your consent before anything is done.

Clinic26 is not able to gather forensic evidence or provide emergency treatment. If you require these services, please contact The Havens (020 3299 6900) or your local emergency department.
