

Civil Law Clinic

We know that you may have questions about taking civil action. To make it easier to get advice and speak to a lawyer, we set up the Civil Law Clinic.

Bolt Burdon Kemp can help with bringing legal action for abuse against individual abusers, foster parents, employers, sports or youth clubs, religious or charitable organisations, social services and others.

They can support people seeking compensation through the Criminal Injuries Compensation Authority (CICA) and through the court system.

For more information about Bolt Burdon Kemp and their team of specialist abuse lawyers, visit boltburdonkemp.co.uk/child-abuse.

SurvivorsUK has a connection with BBK but does not recommend their services over any other law firm. For information on other law firms visit the childabuselawyers.com.

If you would like advice about a criminal case, please contact our ISVA service by emailing isva@survivorsuk.org or calling 0203 598 3898.
